

****CONTRACTOR ANNOUNCEMENT****

1300EZ Form Filing Schedule for July 2018, Bid Lettings

On occasions where multiple bid lettings occur in one calendar month, MDOT is required to file an updated [1300EZ](#) from contractors who were granted low bid status of the latest executed bid letting for which contracts are pending contract award.

Therefore, if your company received low bid status of projects from the July 13, 2018, Bid Letting, and your company is requesting, or has requested to bid for the subsequent July special letting scheduled for July 18, a revised 1300EZ would be required unless other arrangements have been made with the DOT.

Form 1300EZ may be submitted electronically at MDOT-BidLetting@michigan.gov or by fax at either 517-373-3707 or 517-241-4193.
