

## **\*\*CONTRACTOR ANNOUNCEMENT\*\***

### **1300EZ Form Filing Schedule for September 2018, Bid Lettings**

On occasions where multiple bid lettings occur in one calendar month, MDOT is required to file an updated [1300EZ](#) from contractors who were granted low bid status of previously scheduled bid lettings for which contracts are pending contract award.

Therefore, if your company received low bid status of projects from the September 7, 2018, Bid Letting, and your company is requesting, or has requested to bid for the following September special lettings scheduled for September 12 and 14, a revised 1300EZ would be required unless other arrangements have been made with the DOT.

Form 1300EZ may be submitted electronically at [MDOT-BidLetting@michigan.gov](mailto:MDOT-BidLetting@michigan.gov) or by fax at either 517-373-3707 or 517-241-4193.
