

****CONTRACTOR ANNOUNCEMENT****

1300EZ Form Filing Schedule for March 2019, Bid Lettings

On occasions where multiple bid lettings occur in one calendar month, MDOT is required to file an updated [1300EZ](#) from contractors who were granted low bid status of a previously scheduled bid letting for which contracts are pending contract award. An updated 1300EZ is not required if a low bid status from a previous letting did not occur.

Therefore, if your company received low bid status of projects from the March 1, 2019, Bid Letting, and your company is requesting, or has requested to bid for the following March special lettings scheduled for March 6 and 15, a revised 1300EZ would be required to be submitted after the March 1, 2019, Bid Letting, unless other arrangements have been made with MDOT.

Form 1300EZ may be submitted [online](#), as an attachment electronically to MDOT-BidLetting@michigan.gov, or via fax at either 517-373-3707 or 517-241-4193.
