### **1300EZ Form Filing Schedule for February 2020, Bid Lettings**

On occasions where multiple bid lettings occur in one calendar month, MDOT is required to file an updated [1300EZ](#) from contractors who were granted low bid status of projects bid from the initial scheduled bid letting of the month of February for which contract(s) are pending award. A 1300EZ would be required only if a request is being made to bid for project(s) of the additional lettings scheduled for this month.

Submit the updated 1300EZ to [MDOT-BidLetting@michigan.gov](mailto:MDOT-BidLetting@michigan.gov) following the letting for which a low bid status has been granted.
