

ops** AMENDMENT LISTING **

LETTING OF: May 7, 2021

LAST UPDATE: 5/6/2021 10:36AM

This list references alpha and numeric amendments issued to project items of the above-referenced bid letting. Frequent view of this list is necessary as updates occur periodically during the letting cycle. To retrieve written addendums and to add your company to the planholders' list, access MDOT e-Proposal at [MILogin for Third Party](#).

Any questions can be directed to the Bid Letting unit at 517-335-4572, or caterc@michigan.gov

ITEM/AMENDMENT

001- 1	021	041	061-1
002	022- 1, 2	042	062
003	023	043	063
004	024	044	064
005	025- 1	045	065
006	026- 1	046	066- 1
007- 1	027- 1	047	067
008	028	048	068
009- 1	029	049- 1	069
010	030- 1	050	070- 1
011	031	051	071
012	032	052	072
013- 1	033	053	073
014	034	054- 1, 2	074
015	035	055	075
016	036- 1	056	
017- 1, 2, 3	037	057	
018	038	058- 1	
019	039	059	
020	040	060- 1	

NOTE: Alpha-type amendments most often contain updated information regarding Federal and state wage rates or information relative to multiple project items. Alpha-type amendments are NOT integrated into the electronic bid (EBSX proposal) for use with AASHTOWare Project Bids.

Numeric-type amendments most often affect specific project item proposals or project plan(s) and not wage rates unless the update is specific to a project item. Numeric-type electronic amendments (*.001, *.002, etc.) for use with AASHTOWare Project Bids ARE required to be integrated into the electronic bid prior to submission. Acknowledging amendments through the ADDENDA ACKNOWLEDGMENT FOLDER of Project Bids is a requirement when bidding as a prime. Both alpha and numeric type of amendments are necessary for success in bidding with MDOT. Failure to review, apply and acknowledge all amendments may affect your bid result. It is the responsibility of the prime contractor (eligible bidder) to obtain all written amendments through the [e-Proposal website](#).
