

**** AMENDMENT LISTING ****

LETTING OF: July 9, 2021

LAST UPDATE: 7/8/2021 10:20AM

This list references alpha and numeric amendments issued to project items of the above-referenced bid letting. Frequent view of this list is necessary as updates occur periodically during the letting cycle. To retrieve written addendums and to add your company to the planholders' list, access MDOT e-Proposal at [MILogin for Third Party](#).

Any questions can be directed to the Bid Letting unit at 517-290-9421, or caterc@michigan.gov

ITEM/AMENDMENT

001	021	041- 1	061
002- 1	022- 1	042	062
003	023	043- 1	063- 1
004- 1,2	024- 1	044- 1	064 -1
005	025	045- 1	065- 1
006- 1	026	046	066
007	027	047- 1	067
008- 1, 2	028	048	068- 1
009- 1	029- 1	049	
010- 1	030- 1	050	
011	031	051	
012	032- 1	052

016	036	056	
017	037	057	
018	038	058	
019	039	059-1, 2	
020	040	060	

NOTE: Alpha-type amendments most often contain updated information regarding Federal and state wage rates or information relative to multiple project items. Alpha-type amendments are NOT integrated into the electronic bid (EBSX proposal) for use with AASHTOWare Project Bids.

Numeric-type amendments most often affect specific project item proposals or project plan(s) and not wage rates unless the update is specific to a project item. Numeric-type electronic amendments (*.001, *.002, etc.) for use with AASHTOWare Project Bids ARE required to be integrated into the electronic bid prior to submission. Acknowledging amendments through the ADDENDA ACKNOWLEDGMENT FOLDER of Project Bids is a requirement when bidding as a prime. Both alpha and numeric type of amendments are necessary for success in bidding with MDOT. Failure to review, apply and acknowledge all amendments may affect your bid result. It is the responsibility of the prime contractor (eligible bidder) to obtain all written amendments through the [e-Proposal website](#).
