

Warren Road over US-23 NB Superstructure Replacement, Washtenaw County (ATC)

On March 15, 2022, MDOT posted a Project Information Sheet for the Warren Road over US-23 NB bridge in Washtenaw County. The project will allow ATC's for superstructure replacement for the span over northbound US-23. The Project Information Sheet can be found at the following link:

[MDOT - Warren Road over US-23 NB, Washtenaw County \(ATC\) \(michigan.gov\)](#)

On March 23, 2022, MDOT posted a revised Project Information Sheet for the above project. The revised language has information on how to access the preliminary plans and proposal documents.
