

**** UPDATED CONTRACTOR ANNOUNCEMENT ****

EBSX Addendum File for Item 002

MDOT Bid Letting of October 3, 2025

*****UPDATED*****

***9/30/2025 – Addendum 4 has been created for item 002 (39024-210812.004X) to make 2 corrections to the proposal and 1 update to the plans. Item 002 will have 4 addendum.

Please note that the 39024-210812.003X electronic addendum file for item number 002 of the October 3, 2025, bid letting, was uploaded incorrectly on 9/22/2025 showing an OJTVIP bid incentive tab on the Bid Express page.

Addendum 4 (39024-210812.004X) was created to correct this issue, but due to a technical error with this addendum, 39024-210812 and all associated addendum had to be removed from the site. A corrected 39024-210812.003X electronic addendum file was created, removing the OJTVIP bid incentive tab, eliminating the need for Addendum 4. All files have been re-uploaded and are now correct on the website.

Please follow the standard process for addendum. Any questions can be directed to MeddaughK@Michigan.gov.
