All figures are year to date. Thus, current calendar/fiscal year values may show decreases until all months are reported. Due to an October 1, 2003 change in data management procedures, information in this document may not match previously generated MDOT reports. In addition, data in this report may differ from similar Amtrak reports due to differences in the way MDOT and Amtrak treat data not specifically attributed to individual stations. Numeric rounding may result in differences in MDOT/Amtrak revenue values.
