Pure Asphalt Company, Inc.
3455 West 31st Place
Chicago, IL 60623

Dear Matt Knoch:

Subject: Acceptance of Pure Asphalt 3405 for HMA Crack Treatment and Overband Material

The Michigan Department of Transportation (MDOT) has accepted "Pure Asphalt 3405" for inclusion in the Qualified Products List 914.04C of the MDOT Materials Source Guide. This change will be made in the next update. Until that update, this letter serves as approval to supply MDOT projects.

During any period a supplier is furnishing HMA Crack Treatment and Overband Material for Department projects, the product must meet the physical requirements in the MDOT Materials Quality Assurance Procedure. MDOT reserves the right to re-evaluate HMA Crack Treatment and Overband Materials at any time. The supplier will be notified in writing if the approved material is re-evaluated and does not meet testing requirements.

Thank you for your submission. If you have any questions or concerns, please feel free to contact me at 517-256-9592 or HuntT2@Michigan.gov.

Sincerely,

Tyler Hunt, P.E.
Capital Preventive Maintenance
Program Engineer
