

MICHIGAN
DEPARTMENT OF TRANSPORTATION
SPECIAL PROVISION
FOR
STRUCTURE CLEARANCE MEASUREMENTS

BRG:JLH

1 of 1

APPR:MLD:MTH:04-14-26

FHWA:APPR:04-16-26

Delete the 4th paragraph of subsection 824.03.M, on page 8-237, of the Standard Specifications for Construction, in its entirety and replace with the following:

Provide structure clearance measurements to the Engineer and submit this information via email to MDOT-UnderclearanceForms@michigan.gov for new construction or improvements of existing roadways or structures where the improvements change the current underclearance measurements. Fabrication of any needed clearance sign[s] must not begin until the Engineer has received approval from MDOT Underclearance.
