

MICHIGAN  
DEPARTMENT OF TRANSPORTATION

SPECIAL PROVISION  
FOR  
**MULTIPLE WARRANTIES**

CSD:LFS

1 of 1

APPR:CRR:DBP:04-10-20  
FHWA:APPR:04-13-20

**a. Description.** This special provision establishes the requirements and a method for the determined low Bidder to provide a single warranty performance bond on contracts with more than one warranty bond provision in the proposal.

**b. Requirements.** Ensure the bonds are on forms provided by the Department. Ensure the bonds meet the requirements of Michigan law and of the Department and include other items such as the powers of Attorney and Endorsement as specified by the Department.

**c. Method.** The determined low Bidder may provide a single warranty performance bond that guarantees performance of all warranty obligations of the contract. Ensure the amount of the bond is the highest amount of the otherwise required bonds, and the expiration date of the bond is the date on which the last of the warranties has been completely fulfilled.

Once the terms of a warranty have been completely fulfilled, if other warranties remain to be fulfilled, the amount of the bond may be reduced to the highest dollar amount of the otherwise required bonds for those remaining warranties.

**d. Measurement and Payment.** This work will not be paid for separately but will be included in costs for other pay items in the contract.
