STANDARDIZED ABBREVIATIONS: STATES, PROVINCES, &C.

These are always justified left, that is, if there are more coding squares than needed, begin filling in at the left, leaving the blank squares to the right.

The United States:

Note that the general rule is to take the first three letters of single word names and the initials of two word names. The exceptions are Alaska = ALK, Missouri = MO and Rhode Island = RHO.

The remainder of North America:

Alberta	ALB	*ONT should be entered in the "Co. or State" squares with a specific location in front of it. However, for a trip to an unknown or unspecified location in Ontario, ONT may be entered at the <u>beginning</u> of the place coding squares to indicate Ontario - unknown. This is <u>not</u> true of Indiana, Illinois, Ohio, or Wisconsin.
British Columbia	BC	
Manitoba	MAN	
New Brunswick	NB	
Newfoundland	NEWF	
Northwest Territories	NWT	
Nova Scotia	NS	
*Ontario	ONT	
Prince Edward I.	PEI	
Quebec	QUE	
Saskatchewan	SAS	
The Yukon	YUK	
Mexico	MEX	

The above covers all possible trips on this continent; there is therefore, no "OTHER." If a trip is actually encountered going to another continent, the port of exit should be entered as destination.
