Accessing MTSIS Through VPN and State of Michigan Logon

The following steps are required by consultants to access the Traffic and Safety Michigan Traffic Sign Inventory System (MTSIS) signing application:

1. Login to your Virtual Private Network (VPN) using your User ID and pin number plus the number shown on your Secure ID key fob.
<https://ccoe.state.mi.us>
2. Use your state of Michigan logon and password on our Citrix website.
3. Login into MTSIS

If you receive an error message that says no resources for this user please email obriene@michigan.gov. We will have resources added for you.

Contact Information:

If you require help in accessing VPN or in using your State of Michigan logon, including password resets, please call the Client Service Center (CSC) help desk at (517) 241-9700 or (800) 968-2644.

If you require help with using the MTSIS application, or procuring VPN or State of Michigan accounts, or cannot get an issue resolved with the CSC please contact:
