REASON FOR REQUEST

For the reason stated, the motor carrier named above, hereby voluntarily notifies the Michigan Department of Transportation of its decision to cease and desist operating motor vehicles in Michigan in for-hire operations and does not desire to retain either proper vehicle registrations or a business license (certificate of authority) in accordance with the provisions of Act 432.

This voluntary notice of non-operating status will not in any way prejudice the right of the carrier to apply for and obtain a certificate of authority at a future date.

The carrier clearly understands that upon notification of non-operating status and revocation its current certificate of authority, as requested, all for-hire operations must cease unless and until a new certificate of authority is granted by the Michigan Department of Transportation. To be issued a new certificate of authority the motor carrier must submit a new application, which includes the payment of filing and registration fees, evidence of proper insurance and passed vehicle inspections. It is further understood that failure to cease and desist for-hire operations may result in enforcement action.
